PART B: ACADEMIC  
PERFORMANCE INDICATORS  
(API):

Based on the teacher's self-assessment, API scores are proposed for (1) teaching related activities; domain knowledge; (2) Involvement in University / College student's related activities / research activities. The minimum API score required by teachers from this category is different for different levels of promotion. The self- assessment score should be based on objectively verifiable records. It shall be finalized by the Screening Cum Evaluation / Selection Committee. University may detail the activities, in case institutional specificities require, and adjust the weightages without changing the minimum total API scores required under this category
